- Instructions in the event of fire:
  - Report fire immediately to Reception in person or by phone by dialling extension number 0.
  - Evacuate the building via the designated fire escape.
  - Do not attempt to fight fire yourself, leave it to the experts.

### **Assembly Points and Emergency Exits**

- When Limerick City College is being evacuated all students should meet their lecturers on **Car Park adjacent to Roselawn House** to await further instructions. Students should remain there until told to disperse by the College Administrator.

### **Fire Prevention**

- The vast majority of fires are caused by faulty or misused electrical installations and equipment. More than 30% of fires are started in this way. The second most frequent cause is carelessness on the part of smokers (at least 20%).
- At the end of every day check the following:
  - Computers and all equipment are switched off and plugged out as advised by your Lecturer.
  - Doors and windows are shut properly and lights are switched off (the third most frequent cause of fire is malicious arson on the part of unknown intruders).

## **Job Placement**

# **FEEES**

# Limerick City College

- Should a student have to withdraw from a course due to illness, he / she should seek a meeting with the Course Leader to discuss the completion of his / her studies at a later time.

### Examination Fees

- Examination fees must be paid to Reception by the due date. Details of fees and payment date will be notified to students during the first term.

# **SECTION H:**

# **ATTENDANCE**

# **Limerick City College**

## **Attendance**

### **Attendance**

- The minimum attendance deemed to be satisfactory by the College is 80%. The nature of the subjects taken at Limerick City College is such that the student who forms a casual attitude to attendance will run into increasing difficulties as the year progresses.
- The primary responsibility for attendance rests with the student. Students with levels below the minimum stated shall be referred to the Course Leader / Further Education Course Co-ordinator / College Administrator for consultation. If there is no improvement, a meeting with the fee-paying agent will be arranged. The right to continue a course of study will be revoked if a satisfactory level of attendance is not achieved.
- Students are advised to avoid a pattern of missing particular class periods such as the beginning and end of days, weeks and terms or lectures which seem less appealing than others.
- Lecturers keep an attendance register and take a roll-call at the beginning of each lecture. This attendance is monitored by the lecturers, International Officer, Course Leaders, College Administrator and College Director.
- An attendance record is a component of the reports distributed by the College after the Christmas and Easter assessments and is used for references provided to employers.
- In certain circumstances a student's attendance record is taken into consideration at meetings of the Examinations Board.
- When a student misses lectures for any reason, a note should be provided to Reception. When the absence is caused by illness or other special circumstances documentary evidence (e.g. medical certificate) should be provided to Reception in the case of missed lectures and to the Further Education Course Co-ordinator / College Administrator in the case of missed assessments, examinations or late submission of a project.
- It is the policy of the college to telephone the fee-paying agent if a student is absent from lectures, because Limerick City College owes a duty of care to the fee paying agent.

- Limerick City College places a strong emphasis on high levels of attendance for the following reasons:
  - It has been proven that there is a correlation between student attendance and student performance;
  - Employers ask the college about individual students' attendance when seeking to recruit from the college;
  - HETAC, ISTS, ICM and ACCA specify a minimum attendance level in all subjects.
  - For holders of International Study Visas, Limerick Immigration Office specifies a minimum attendance level of **85%**. Students who do not attain this level of attendance will experience great difficulty in having their permission to study in Ireland extended.

### **Attendance Regulations for Holders of Student Study Visas:**

#### **Visa Renewal**

- Students who are unable to show a consistent attendance throughout the duration of the first year of study are most unlikely to have their visa renewed and will not be supported by the College in this regard. The expected average attendance should be no less than **85%** of the scheduled lectures associated with the course. Sick days will be noted separately but marked as non-attendance.

#### **Visa Cancellation**

- The student study visa may be cancelled at any time should the student engage in any activity that brings into question the genuine purpose of his / her stay in Ireland.

#### **Visitor's Visa Applications**

- All letters from the college **will state clearly** the student's average attendance.

## College Policy

### **Verbal Warning**

- When a student's weekly or average attendance falls below the required 85%, the International Officer will send a notice to the student at the last known address requesting him / her to attend the College at a stated time and date to discuss his / her attendance.
- At this meeting a verbal warning will be issued, outlining the corrective action needed to be taken by the student. This will be recorded in the student file and a letter issued to the student outlining the corrective action required and demanding a substantial improvement in attendance within seven days. The failure of a student to make himself / herself available for a meeting will constitute a breach of the regulations and constitute a warning in itself.

### **First Written Warning**

- If a student fails to show any improvement in attendance arising from his/her verbal warning, he / she will be issued with a formal written warning, which will be placed on his / her student file.

### **Final Written Warning**

- If poor levels of attendance continue, a second letter is sent to the student outlining his / her unsatisfactory attendance and his / her failure to make any improvement. The letter invites the student to attend the college within **forty-eight hours** or the process of de-registration will begin. If the student attends he / she will be issued with a written warning. This will be attached to his / her file. The student will have to **strictly** meet any requirements outlined for the **remaining duration** of the course to avoid de-registration. If the student fails to attend the college within forty-eight hours of the second letter, the process of de-registration will begin.

### **De-Registration**

- If a student fails to abide by the agreed terms of the final warning or does not make himself / herself available for the requested meetings, the student will be sent a letter informing him / her that in seven days time he / she will be removed from the college register and expelled. The student's file is then sent to the Immigration Office with a letter informing them of the College's decision.
- Once this process is complete the college accepts no further responsibility for the student. A letter explaining the circumstances is also sent to the student concerned.  
**Under no circumstances are fees refundable.**

### Change of Address

- It is the **student's responsibility** to inform the International Officer of any change of address. All written correspondence will be sent to the last address provided by the student.

### Sickness

- Students who are unable to attend college due to sickness must contact the College reception prior to 13:00 on the first day of sickness to explain the problem. Students who are unable to attend college for 3 or more days must produce a medical certificate which confirms non-attendance due to sickness. This certificate must be handed in to the International Officer on the day that the student returns to college.

### Employment

- According to the terms of the study visa, students are allowed to work for up to 20 hours per week, provided that the hours worked do not coincide with scheduled lectures, or require the student to leave college prior to the end of a scheduled lecture, in order to be at the place of work by a specific time. Those students who are found to be employed during a time that conflicts with their studies will be required to give their employer advance notice that their hours of work are no longer appropriate – and request rescheduling.

### Appeals

- It is the student's responsibility to conform to the attendance regulations. Students who are asked to attend meetings regarding non-attendance may, if required, be accompanied by a fellow student or other nominated person and have the right to appeal against any decision made.
- Requests to appeal against a decision must be made in writing and be received by the International Officer not more than **five days** after the original decision has been taken.
- **Students who are unsure about any part of this document are advised to contact the International Officer for clarification.**

**SECTION I:**

**EXAMINATIONS  
AND CONTINUOUS  
ASSESSMENTS**

## **Limerick City College**

### **Examinations and Continuous Assessments**

- A number of different awarding bodies accredit the courses offered at Limerick City College. While the college implements general examination procedures and regulations relevant to all courses, the awarding bodies also implement regulations particular to themselves. It is the student's responsibility to inform himself / herself as to the examinations procedures for the awarding body relevant to his / her course.
- It is the responsibility of the College Administrator and Further Education Course Co-ordinator to ensure that the integrity and validity of the assessment process for all courses is ensured. In the case of any errors, omissions or any deliberate act by learners or staff which impact on the validity or integrity of the assessment process, appropriate corrective action will be taken by the College Administrator and / or Further Education Course Co-ordinator. In all cases, the relevant awarding body will be notified and a corrective action plan will be agreed with that body and implemented accordingly.

#### **Examination and Assessment Regulations**

- The onus lies with each candidate to be informed of the dates, times and rooms for all examinations and assessments. The College notice board constitutes the official mechanism through which examination details will be notified to students. Examination timetables are posted on the examinations notice board in the College well in advance of each sitting.
- Candidates may not seek to have the dates for assessments or examinations changed.
- Candidates must attend for both written and oral examinations at least **15 minutes** before the scheduled start time.
- Any candidate who misses an examination, whether written or oral, is automatically disqualified from the examination. In the case of illness, the candidate must present a Medical Certificate to the College Administrator or Further Education Course Co-ordinator within **7 days** of the examination taking place. This may allow a student to sit a missed assessment, but students missing an end of year course examination must wait for the repeat sitting.
- All students must show their Limerick City College Student ID card before entry is permitted to the examination hall.
- During any examination all candidates must ensure that they can be seen clearly by the invigilator.
- If an invigilator requests a candidate to change desks at the beginning of an examination the candidate must do so without question.

- Each student must ensure that he / she has nothing on his/her desk except pens, pencils, rulers, erasers, sharpener, tippex, calculator or dictionary (if allowed). All bags, notes, books, folders, pencil cases, etc must be left at the front or rear of the examination room. All mobile phones must be switched off before entering the room.
- Students are required to sign an attendance register for all examinations and present their identity cards for validation.
- All students must maintain silence in the examination room throughout the examination. Examination papers will not be handed out unless there is complete silence.
- All examinations will start on time - no extra time will be given to latecomers. No latecomers will be admitted after 30 minutes of the examination have elapsed.
- Examination question papers will be distributed face down on the desks and only when all papers have been distributed and the instruction is given by the invigilator can the candidates turn the papers over.
- Any candidate wishing to temporarily leave the examination room may not do so unless accompanied by an invigilator.
- Candidates may not disrupt the examination in search of examination materials
- If a candidate finishes the examination in less than the time allowed, he / she may hand in his / her paper and leave the Examination Room quietly so as not to disturb other candidates. However, candidates may not leave within one hour of the commencement of a three hour examination or within 30 minutes of the end of a three hour examination.
- A fifteen minute warning will be given before the end of the time allowed for each examination.
- At the end of the examination all candidates must remain in their places until the invigilator has collected their scripts. It is the candidate's responsibility to ensure that his / her script is handed to the invigilator.

**Deadlines for submission of assessment work:**

- Course syllabi, deadlines and dates for continuous assessments and examinations are given to all learners upon course commencement.
- Learners are expected to present assessment work within the deadline identified by the course tutor unless there are extenuating circumstances.
- Projects and assessment work will not be accepted after the identified deadline unless there is a clear case of extenuating circumstances which have been communicated to the College Administrator **on or before the identified deadline.**

- It is the responsibility of each candidate to keep a photocopy of any project being submitted as corrected projects will not be returned.
- The project must be typed on A4 paper in double line spacing. It should be presented as directed by the lecturer. The candidate's name and the title of the project must appear on the outside cover.
- The candidate must acknowledge all sources as prescribed by the Harvard Referencing System (or alternative system specified by the course tutor).

### **Compassionate Consideration & Extenuating Circumstances**

- Each application for compassionate consideration or extenuating circumstances will be judged on its own merits by the College Administrator, Academic Registrar and/or the Further Education Course Co-ordinator.
- In the case of continuous assessment work, an application for compassionate consideration must normally be made on or before the deadline for submission of work.
- In the case of an unforeseen event happening on the day of examination or on the submission deadline (preventing the submission of the project rather than the completion of it), an application for consideration must be made within two working days. No application that is received after this time will be considered.
- Examples of circumstances under which Limerick City College may consider giving compassionate consideration to a learner are:
  - a physical injury or emotional trauma during a period of 4 weeks prior to the assessment
  - a physical disability or chronic or disabling condition that incapacitates the learner
  - recent bereavement of a close family member or friend
  - severe accident
  - domestic crisis
  - terminal illness of a close family member
- The learner is required to make a formal application and to provide appropriate evidence/documentation to support a request for compassionate consideration.
- Only a Medical Certificate will be accepted for absence due to illness and this must be presented to the Further Education Course Co-ordinator or College Administrator **within four working days** of the examination or assessment taking place.

### **Reasonable Accommodations:**

- Students and potential students with recognised disadvantages or disability may be given special consideration. Information about such considerations will be made available to all potential applicants.
- Limerick City College will take reasonable steps to ensure that it does not place a student with a disability or a student covered by any of the nine grounds of Equality legislation at a substantial disadvantage compared to a non-disabled student. A substantial disadvantage is one that entails time, inconvenience, effort or discomfort compared to other people or students and which is more than minor or trivial.
- A reasonable accommodation is any action that helps alleviate a substantial disadvantage e.g. changing procedures, providing additional time at examinations.
- Each request for a reasonable accommodation will be determined on a case-by-case basis by the College Administrator in consultation with the Academic Registrar and, where appropriate, the College Director. Each applicant with a disability has a responsibility to provide documentation from acceptable professional sources that verifies the nature of the disability and any disadvantage arising from that disability. All disability records will be treated confidentially and each applicant will be treated with dignity and respect.

### **Complaints & Appeals:**

- Limerick City College will not tolerate any behaviour which is discriminatory, unwelcome, intimidating or offensive toward any student or member of staff. ### **Procedure for Informal Complaints:**

- A student or staff member who believes he / she is being discriminated against by another student or staff member should follow the guidelines below:
  - **Step 1:** Tell the offender to desist, as his/her behaviour/words or actions are unwelcome. If they feel unable to do so, a member of staff may act on their behalf.
- **Step 2:** If this approach is unsuccessful then report the matter immediately to the College Administrator.
- **Step 3:** Where this is inappropriate, then the College Director should be informed and will mediate between the two parties.
- **Step 4:** Keep a note of all dates, offences and witnesses, if any.

## **Procedure for Formal Complaints:**

- If the procedure for informal complaints is unsuccessful, then a formal written complaint may be made and referred to the College Administrator. A formal investigation will then be instigated under the following guidelines:
  - The College Administrator will establish a review committee in order to determine the validity or otherwise of the complaint in question.
  - The procedure for the establishment of the review committee will be as follows:
    - A minimum of 3 people with both genders represented
    - If the complainant or alleged offender is a student, then a student member of the equality committee must be a member of the investigation team

- The investigation will be carried out according to the following guidelines:
  - Immediate attention and priority coupled with assured confidentiality will be given to the investigation
  - A fair and objective hearing for all concerned
  - Discretion will be a priority while investigating the facts and seeking to find if other students have experienced similar harassment
  - The alleged offender will be given details of the allegation and an opportunity to respond.
- The College Administrator will deliver a written summation of the investigation to the registrar in the case of a student and the Chairman of the Board of Management in the case of a staff member.
- The review committee will determine whether the complaint is:
  - Valid
  - Invalid
  - Insufficient evidence available in order to reach a conclusion
  - Malicious. If malicious, appropriate disciplinary action will be recommended.
- The College Administrator will advise both parties of the result of the investigation.
- In the event where the complaint is found to be valid, then appropriate action may be taken. This may include the following:
  - Disciplinary action to immediately stop the offensive behaviour and prevent a repeat of the behaviour
  - Counselling recommended for both parties
  - Sanctions. These may include verbal warnings, written warnings, fine or dismissal. The type of sanction imposed will reflect the status of the individual and also on agreed conditions of service or contract.

- If either party is dissatisfied with the outcome of the review committee, they will have the right of appeal to the governing body. The appeal must be lodged within 30 days of formal notification or resulting action.

**Appendix 1: Computer Security**

Dear Student,

Welcome to Limerick City College. We are very proud of the computer hardware and software in the College. College management invests heavily in computer facilities so as to ensure that all students have the opportunity to become fully aware of and familiar with all modern computer applications.

We want to be in a position to allow students access to computer facilities whenever it is required by their course and to allow rota time outside the normal class hours.

To facilitate this objective, all students are required to fully understand and accept that basic rules must be complied with so as to keep the equipment in good working order.

Please make careful note of the rules in the memorandum in Section L of the Limerick City College Student Handbook 2016-17. Before you sign this document, please ensure that you have read, understood and accept the conditions for use of computer facilities at Limerick City College:
